# School Accountability Report Card Reported for School Year 2004-05

Published During 2005-06

#### Notes regarding the source and currency of data:

Data included in this School Accountability Report Card (SARC) template are consistent with State Board of Education guidelines, which are available at the California Department of Education Web site at http://www.cde.ca.gov/ta/ac/sa/definitions05.asp

Most data presented in this report were collected from the 2004-05 school year or from the two preceding years (2002-03 and 2003-04). Due to the certification timelines for graduation, dropout, and fiscal information, the data for these sections of the report were collected in 2003-04. Single-year column headings refer to the school year ending in that particular year. When no year is specified, data are from the most recent school year for which data are available.

More information about SARC requirements is available at the CDE Web site at <a href="http://www.cde.ca.gov/ta/ac/sa/">http://www.cde.ca.gov/ta/ac/sa/</a>, including a SARC Preparation Guide at <a href="http://www.cde.ca.gov/ta/ac/sa/guide.asp">http://www.cde.ca.gov/ta/ac/sa/guide.asp</a> and Frequently Asked Questions at <a href="http://www.cde.ca.gov/ta/ac/sa/questions.asp">http://www.cde.ca.gov/ta/ac/sa/questions.asp</a>.

#### V. Academic Data

#### Standardized Testing and Reporting (STAR)

Through the California Standardized Testing and Reporting (STAR) program, students in grades 2 through 11 are tested annually in various subject areas. Currently, the STAR program includes California Standards Tests (CST) and a norm-referenced test (NRT). The CST tests Englishlanguage arts and mathematics in grades 2 through 11, science in grades 5, 9, 10, and 11, and history-social science in grades 8, 10, and 11. Prior to 2005, the NRT tested reading/language arts and mathematics in grades 2 through 11, spelling in grades 2 through 8, and science in

grades 9 through 11. Beginning in 2005, the NRT tests reading/language arts, spelling, and mathematics in grades 3 and 7 only, and no longer tests science in any grade.

#### California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient or Advanced level meet state standards in that content area. Students with significant cognitive disabilities who are unable to take the CST are tested using the California Alternate Performance Assessment (CAPA). Detailed information regarding CST and CAPA results for each grade and proficiency level can be found at the California Department of Education Web site at <a href="http://star.cde.ca.gov">http://star.cde.ca.gov</a> or by speaking with the school principal. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

School results are compared to results at the district and state levels. Beginning in 2005, the NRT tests reading/language arts, spelling, and mathematics in grades 3 and 7 only and no longer tests science in any grade. Detailed information regarding results for each grade level can be found at the California Department of Education Web site at <a href="http://star.cde.ca.gov/">http://star.cde.ca.gov/</a> or by speaking with the school principal. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

#### VI. School Completion (Secondary Schools)

#### California High School Exit Examination (CAHSEE)

Beginning with the graduating class of 2006, students in California public schools will have to pass the California High School Exit Examination (CAHSEE) to receive a high school diploma. The School Accountability Report Card for that year will report the percent of students completing grade 12 who successfully completed the CAHSEE.

These data are not required to be reported until 2006, when they can be reported for the entire potential graduating class. At that time, the data are expected to be disaggregated by special education status, English learners, socioeconomically disadvantaged status, gender, and ethnic group.

#### **Dropout Rate and Graduation Rate**

Data reported regarding progress toward reducing dropout rates over the most recent three-year period include grade 9 through 12 enrollment, the number of dropouts, and the one-year dropout rate as reported by CBEDS. The formula for the one-year dropout rate is (grades 9 through 12 dropouts divided by grades 9 through 12 enrollment) multiplied by 100. The graduation rate, included as one of the requirements of California's definition of Adequate Yearly Progress as required by the federal No Child Left Behind (NCLB) Act, is calculated by dividing the number of high school graduates by the sum of dropouts for grades 9 through 12, in consecutive years, plus the number of graduates.
